REPORT OF THE TRUSTEES OF THE
PUBLIC LIBRARY.

For the year ending January 31, 1922.

Once more we have the honor to submit our annual report of the transactions for the past year.

Because of your liberal support we have been able to purchase about the average number of books, although the price keeps up rather high. It is not easy to get ALL just the kind of books we most desire; if you think it is, try it.

Through books is knowledge obtained as well as many pleasant hours enjoyed.

We hope for the same liberal support the coming year.

REPORT OF THE SCHOOL BOARD TO THE
CONSTITUENTS OF THE SCHOOL
DISTRICT OF DUNBARTON.

DUNBARTON, N. H., February 15, 1922.

In submitting the annual report for the school year beginning September 1, 1920, and ending June 30, 1921, we have but little to say in regard to the work being done in the elementary schools of Dunbarton.

The report of the Superintendent of the Supervisory Union will inform you as to the work of the teachers and progress of the pupils.

The part of our duty in making this report, is to bring to your notice, the condition of the financial affairs of the district, showing the resources from which our school money is derived; and the receipts and payments of all school money, as required by the present school law, for the proper maintenance of the schools, will be found in our financial statement which is correct to the best of our knowledge and belief.

The school year has been changed so that in the future it will end June 30, and begin July 1, therefore you will notice that this report covers the work of your board in their expenditures to June 30, 1921.

From July 1 1921, no official report can be brought to your attention until the annual school meeting March, 1923, only by the printing of a special report at the close of the present school year June 30, 1922.

Your school board believes that the cost is unwarranted with a tax rate close on to confiscation of property, and that it is time to retrench in all unnecessary expenditures, not only in this matter, but in all ways where it can be done without injury to our schools.

A statement will be made by your school board and be brought to your attention at the annual school meeting, showing the amount of money received and payments made for the maintenance of the schools in the town district during the present school year, to March 1, 1922.

PHILANDER M. LORD,
E. S. TUCKER,
FLORA M. BURNHAM,

DUNBARTON, N. H., February 13, 1922.

Report of the Superintendent of Schools

To the School Board of Dunbarton:

I herewith submit my sixth annual report as superintendent of Dunbarton schools.

STATISTICS.

Number of pupils registered in the schools during the year 1920-1921 (36 boys; 40 girls)	76
Average membership	62
Average daily attendance	56
Percent of attendance	90.3
Number of visits by superintendent	54
Number enrolled in the schools, September, 1921	68

HONOR ROLL.

The pupils not absent nor tardy during the year 1920-1921 were Frances Farrar; Hubert Keeler.

REPAIRS.

I should recommend that all repairs, other than the ordinary minor repairs, be confined this year to the Center school building. The interior of this building very much needs refinishing. The ceiling is in bad condition, and doors and windows need repairing; the whole room needs painting and should be done in much lighter color than it is now.

A little unfinished work remains to be done on the Waite school, mostly painting. If need be, this can be delayed another year.

IN GENERAL.

Five schools are being maintained in Dunbarton this year; Montalona is the smallest in numbers, Burnham Hill the largest. We were fortunate in securing teachers for all the schools. It was felt that no more should be paid for five teachers this year than was paid for four, last. In consequence, we retained but one of last year's teachers, and of the four new ones only one had had any previous experience. I feel that all the teachers are doing good work and deserve the confidence and co-operation of the parents. The teacher who accomplishes most with the individual child is the one who has the co-operation of the parents of that child.

The attendance thus far this year has been quite satisfactory. There is still too much of keeping children at home "to help do the work" sometimes for a week at a time. This is contrary to the state law and should not be done.

The physical examination of the school children was made early in the year in a very satisfactory manner by Miss Flanders, a Red Cross nurse from Concord, assisted by Miss Murphy, the State Supervisor of Health.

The repairs made on the Burnham Hill school building deserve the commendation of all interested in good schools and decent school buildings. This makes three of the School buildings of Dunbarton that have been more or less remodeled and made to conform to more modern conditions.

The graduating exercises were held in the town hall last June. Six pupils graduated from the eighth grade.

Natalie Hammond, Dane Ireland, Ralph Nichols, George Nichols, Lucille Whipple, Beatrice Whipple.

CONCLUSION.

I wish to publicly acknowledge my appreciation of the hearty co-operation I have had from teachers and School

Board and the courtesy shown me by every parent I have met. I am sure we are all interested in what is best for the schools and children of Dunbarton and will in the future, as in the past, continue to work together for their improvement.

Respectfully submitted.

FRED S. LIBBEY,
Superintendent of Schools
